MANSI KALE

Dhayari, Pune, Maharashtra

9359624324 | mansikale3007@gmail.com | Leetcode

A highly motivated Full-Stack Developer with proficiency in React, Node.js, and MySQL, capable of developing scalable, user-centric web applications. Adept in both frontend and backend development, with a strong focus on creating responsive and efficient solutions. Seeking to contribute technical expertise and grow in a collaborative environment.

EDUCATION

- **Sinhgad Institute of Technology and Science | CGPA: 7.79** — Pune
  Bachelor of Technology in Computer Engineering — *Aug. 2022 – May 2025*
- **Zeal Polytechnic College | Percentage: 83.89%** — Pune
  Diploma in Computer Engineering — *Aug. 2019 – Aug. 2022*
- **H.H.C.P. High School Huzurpaga | Percentage: 77.40%** — Pune
  Secondary School Certificate — *Mar. 2019*

TECHNICAL SKILLS

- **Programming Languages:** Java, C/C++, JavaScript, HTML, CSS, Tailwind CSS, TypeScript
- **Frameworks & Libraries:** React.js, Node.js, Express.js
- **Databases:** MySQL, MongoDB
- **Developer Tools:** VS Code, Eclipse, Postman, Docker
- **Other Skills:** RESTful APIs, JWT, Session Tokens, Git, Redux, Netlify, Vercel, Render, API Integration
- **Course Highlights:** High Performance Computing, Deep Learning, Natural Language Processing, Business Intelligence

EXPERIENCE

Intern at Sprintofy Technologies Pvt. LTD   **January 2025 – June 2025**

- Built and maintained scalable full-stack web applications across diverse sectors including Fin-Tech, Ed-Tech, E-Commerce, and HR-Tech.
- Took charge of **full-stack development**, integrating both **frontend** and **backend** for flawless product delivery.
- Successfully **deployed** projects using **VPS** and **AWS**, ensuring systems are up and running, **serving 100+ users**.
- Knowledge of **DevOps** tools and practices, including **AWS**, **Docker** and **CI/CD** pipelines.
- Technologies Used: **React**, **Typescript**, **Node**, **Express**, **MySQL**, **MongoDB**, **AWS**, **Docker**, **CI/CD**, **VPS**, **RESTful APIs**, JWT, Session Tokens, Nginx.

Intern at Elite Softwares   **December 2023 – January 2024**

- Designed and developed a full-stack beautician website using **HTML, CSS, Bootstrap** and **Django**, ensuring a responsive and user-friendly interface for an enhanced user experience.
- Handled complete development lifecycle, including frontend, backend, and database integration, ensuring seamless performance.
- Created a professional layout with Bootstrap, ensuring a seamless user experience across devices.

PROJECTS

AGB Automation | React JS, TypeScript, Node.js, MySQL, TailwindCSS
- Developed a comprehensive full-stack web application to showcase industrial automation services and solutions, enhancing user engagement and interaction.
- Engineered dynamic client-side features, enabling users to explore services, browse products, and submit project inquiries through custom forms.
- Designed a responsive and visually appealing user interface utilizing TailwindCSS, and implemented RESTful APIs with Node.js and Express to deliver robust backend functionality.

Netflix | React JS, API, HTML, CSS
- Developed a Netflix clone leveraging **React.js** to create dynamic and interactive user interfaces, enhancing user engagement.
- Integrated movie data via APIs, enabling seamless content fetching and display for a smooth user experience.
- Designed a fully responsive layout using **HTML** and **CSS**, optimizing the user interface across multiple devices and screen sizes.

Xplore | Bootstrap, HTML, CSS
- Developed a responsive travel website, **Xplore**, utilizing **HTML**, **CSS**, and **Bootstrap** to provide a seamless browsing experience across devices.
- Integrated interactive components, including icons, cards, navigation bars, and spans, to enhance overall user experience and engagement.
- Leveraged **Bootstrap** for responsive design implementation and customized **CSS** for aesthetic styling, ensuring a visually appealing and functional interface.

ACHIEVEMENTS

1. **Ideazz Competition** – Participated in the Ideazz competition and presented an application focused on Indian culture and heritage. Received certification for innovative thinking and effective presentation.

2. **NPTEL in Software Testing** – Successfully cleared the National Programme on Technology Enhanced Learning (NPTEL) exam, showcasing expertise in software testing concepts.

3. **Advanced C++ Training Certificate from IIT Bombay** – Completed advanced training in C++ from IIT Bombay, which included clearing online exams in both C++ and Python with commendable scores.

4. **Sinhgad NEON Fest** – Represented the college in the modeling competition at Sinhgad NEON Fest, demonstrating strong teamwork, creativity, and presentation skills.
